

2026 OVERSEAS BENEFITS SUMMARY

**Wherever you go,
your coverage goes, too.
HERE FOR YOU.**

OVERSEAS COVERAGE FOR FEDERAL EMPLOYEES AND THEIR FAMILIES

Whether you're traveling for work, on vacation, or living overseas, your benefits travel with you.

The Blue Cross and Blue Shield Federal Employee Program (FEP) is proud to provide worldwide coverage to federal employees and their families in the Federal Employees Health Benefits (FEHB) Program.

2026 Overseas Benefit Summary

The Blue Cross and Blue Shield Service Benefit Plan has been serving federal employees, retirees and their families for over 60 years. One of the things that sets our coverage apart is that you can use your benefits both in the U.S. and overseas.

Here's why federal employees choose Blue:

- Your coverage works no matter where you live or travel
- When you're overseas, we waive your copays for inpatient care
- We waive your deductibles for overseas care
- Similar to in the U.S., preventive care is always at no cost to you
- We have dedicated 24-hour overseas assistance
- You have access to a number of wellness programs and discounts

New 2026 FEP benefits for federal employees

Changes to all of our plans

Simpler access to genetic testing and hospice care

- You do not need to request prior approval for genetic testing in most cases. We only require prior approval if 1) you don't show signs/symptoms of a condition, or 2) you request testing to see if you could pass a genetic condition to your child.
- You do not need to request prior approval for outpatient hospice care.

Expanded preventive care coverage

- We cover PrEP (pre-exposure prophylaxis) drugs for HIV prevention.
- We cover an osteoporosis screening starting at age 40.

New support for weight management resources

- We will offer a Weight Management Program to eligible members 13 and over.

This is not a full list of changes. For the full list and details, see Section 2 of the Blue Cross and Blue Shield Service Benefit Plan brochures for the FEHB Program at [fepblue.org/brochure](https://www.fepblue.org/brochure).

Throughout this booklet, we will showcase how our benefits work overseas. While many of our benefits are the same no matter where you are, we do offer some benefits exclusively for members who live or travel outside of the U.S.

For more information on using your benefits within the U.S., please visit fepblue.org or call **1-800-411-BLUE (2583)**.

Get care overseas without paying upfront

You can use any licensed provider overseas. However, before you get care, **we recommend that you arrange for a guarantee of benefits so you don't need to pay for services and then file a claim for reimbursement.** Save time. Skip the reimbursements.

Skip the claim. Use a guarantee of benefits.

A guarantee of benefits, or GOB, allows your provider to bill our Overseas Assistance Center directly for your covered services, meaning you don't need to submit a separate claim.

Where to find providers who accept direct billing.

GeoBlue has over 10,800 providers with direct billing arrangements. All of these providers are listed in our overseas provider directory available at fepblue.org/overseas. You can also call **1-804-673-1678**.

We can work with providers not in the directory.

Call or email our Overseas Assistance Center—they'll be happy to work with your provider to try to get a GOB in place. You can also complete a provider nomination form and send it to GeoBlue.

Setting up a GOB

To get started setting up a GOB, call our Overseas Assistance Center at **1-804-673-1678** or email fepoverseas@geo-blue.com.

How to handle overseas care without a GOB

If your provider does not accept a GOB, we will still pay for your covered services at the in-network level. However, you'll need to pay for your care, and we'll reimburse you after you submit a claim and associated itemized bills. To help avoid any claim delays, you should ask your provider to give you the medical records and itemized bills for your care. You'll need these when it's time to submit your claim.

Once you have your medical records and itemized bills, you can submit your claim online, via the BCBS FEP Overseas mobile app, by fax or by mail.

Submit online

Log in or register for a **MyBlue®** account. Once you're logged in, click "Submit Overseas Claims" under the Claims & Costs tab.

Submit via the BCBS FEP Overseas app

Download the BCBS FEP Overseas app on the App Store® or Google Play™ to conveniently and securely submit your claims via your mobile device.

Submit by fax or mail

Download and complete your [medical claim form](#) or [pharmacy claim form](#). Send the completed form and itemized bills to the correct location noted below.

How to get care overseas

Members overseas can visit with providers in person and, if applicable, virtually or on the phone. Call **1-804-673-1678** to get assistance finding in-person care overseas.

Accessing inpatient care

We waive the cost of covered inpatient care overseas. For **FEP Blue Standard**, you can go to any inpatient care provider (we still recommend you get a GOB first, so you don't have to submit a claim). For **FEP Blue Focus** and **FEP Blue Basic**, you **must** visit a Department of Defense facility or a provider that accepts a GOB arrangement to receive waived costs. Call **1-804-673-1678** or email fepoverseas@geo-blue.com to set up a GOB.

Talk to doctors anytime through Teladoc Health

Members living overseas can **get 24/7 virtual care through Teladoc Health Global Care at no out-of-pocket cost.**

With this benefit, you can get care for non-emergency health issues like cold and flu symptoms, sore throat, stomach ache and allergies. You can speak to experienced doctors by phone, tablet or computer—anytime, anywhere.

Get started today by downloading the Teladoc Health Global Care app. You must have an international address to register.

Using telemedicine services through a local provider

All members, regardless of where you live, can receive virtual care from local providers outside of our Teladoc Health network. We cover online or phone telemedicine consults provided by primary care physicians and specialists. You'll pay the same copay for these visits that you would pay if you visited the provider in person (see our benefit chart on **page 5**).

Convenient access to emergency evacuation services

We provide emergency evacuation services for members overseas. If there's an emergency, we'll transfer you to the nearest facility that can treat your condition. If you need these services, please call **1-804-673-1678**. Calling beforehand will help you avoid being overcharged.

Get assistance before you move overseas

The GeoBlue Pre-Departure Program is designed to help you manage your transition to a new country with expert advice on how to navigate the local health care system and avoid any disruptions in care. To get started and fill out a pre-departure questionnaire, visit fepblue.org/overseas.
