

DISCOUNT DRUG PROGRAM

Quick Reference Guide

GET THE MOST FROM YOUR PRESCRIPTION DISCOUNT DRUG PROGRAM

The Blue Cross and Blue Shield Service Benefit Plan provides a Discount Drug Program for our members. This is for drugs your pharmacy benefit does not cover. It's a way to get lower prices on prescription drugs at most pharmacies.

- **Save an average of 24 percent off some prescription drugs.**
- **Save the most on generic drugs.**
- **Use your Service Benefit Plan ID card at most pharmacies.**

YOUR SAVINGS

Your cost for these drugs will be the lower of these two prices:

- **The discount price through this program**
- **The pharmacy's regular retail price**

This means you get the lowest price in that pharmacy at the time you buy the drug.

TIPS TO SAVE MONEY

Ask your doctor about generic drugs. You can save anywhere from 30 to 80 percent by using generics. And they work the same as the brand names.*

Show your Service Benefit Plan ID card at pharmacies who take part in the Discount Drug Program.

PROTECTING YOUR HEALTH

- Keep an up-to-date list of your drugs, drug allergies and emergency contact numbers in your purse or wallet.
- Review the drugs you are taking with your doctor or pharmacist on a regular basis. Be sure to include herbal and vitamin supplements.
- Read and follow the safety instructions included with your drugs.
- Take prescription drugs that are prescribed only for you.
- Do not take expired drugs.

THREE EASY STEPS TO FILL YOUR PRESCRIPTIONS:

- 1. Choose** a pharmacy that takes part in the Discount Drug Program.
- 2. Give** your Service Benefit Plan ID card and prescription to the pharmacist.
- 3. Pay** for your drug. The pharmacist will tell you the cost.

REMINDER

This is NOT insurance. The discount applies only at the time you buy your drug, and you can only get lower prices at pharmacies that take part in the Discount Drug Program.

LEARN MORE

For more information about the Discount Drug Program, and to see a full list of participating pharmacies, visit fepblue.org/ddp.

* Generic medicines. Generic Pharmaceutical Association website. <http://www.gphaonline.org/about/generic-medicines>. Accessed August 11, 2020.

These benefits are neither offered nor guaranteed under contract with the FEHB Program, but are made available to all enrollees and family members who become members of the Blue Cross and Blue Shield Service Benefit Plan. The cost of these benefits is not included in your Service Benefit Plan premium and charges for these medicines do not count toward your out-of-pocket maximum.

This is NOT insurance. Discounts are only available at participating pharmacies. By using this benefit, you agree to pay the entire prescription cost less any applicable discount.

Savings may vary by drug and by pharmacy. Savings are based on actual 2020 drug purchases for all drug discount card programs administered by CVS Caremark®. The program administrator may obtain fees or rebates from manufacturers and/or pharmacies based on your prescription drug purchases. These fees or rebates may be retained by the program administrator or shared with you and/or your pharmacy. Prescription claims through this program will not be eligible for reimbursement through Medicaid, Medicare or any other government program. This program does not guarantee the quality of the services or products offered by individual providers. We do not sell your personal information. Call the customer service number on the back of your ID card to file a complaint related to this program. Note to Texas consumers: You may contact the Texas Department of Insurance if you remain dissatisfied after completing this program's complaint process.
